TRANSMILLE EXTHV HIGH VOLTAGE INSULATION TESTER ADAPTER

EXTENDED SPECIFICATIONS

EXTHV Extended Specifications

Multiplies resistance output of 3200 by 100

Accuracy - Relative to Calibration Standards Specifications

Range	Resolution	Maximum Voltage Peak AC+DC	Accuracy
1GOhm to 1TOhm[1]	1MOhm	15kV	1.50% ± R^{CAL}

[1]Requires 10GOhm Option fitted to 3200, otherwise maximum resistance = 200GOhms

R^{CAL} = Resistance set on 3200

We truly believe in offering Solutions in Calibration, offering bespoke solutions for calibration laboratories and manufacturers across the globe. Our mission statement is not just a phrase, it is our design and support philosophy, offering support and advice that cannot be found elsewhere with a friendly atmosphere.

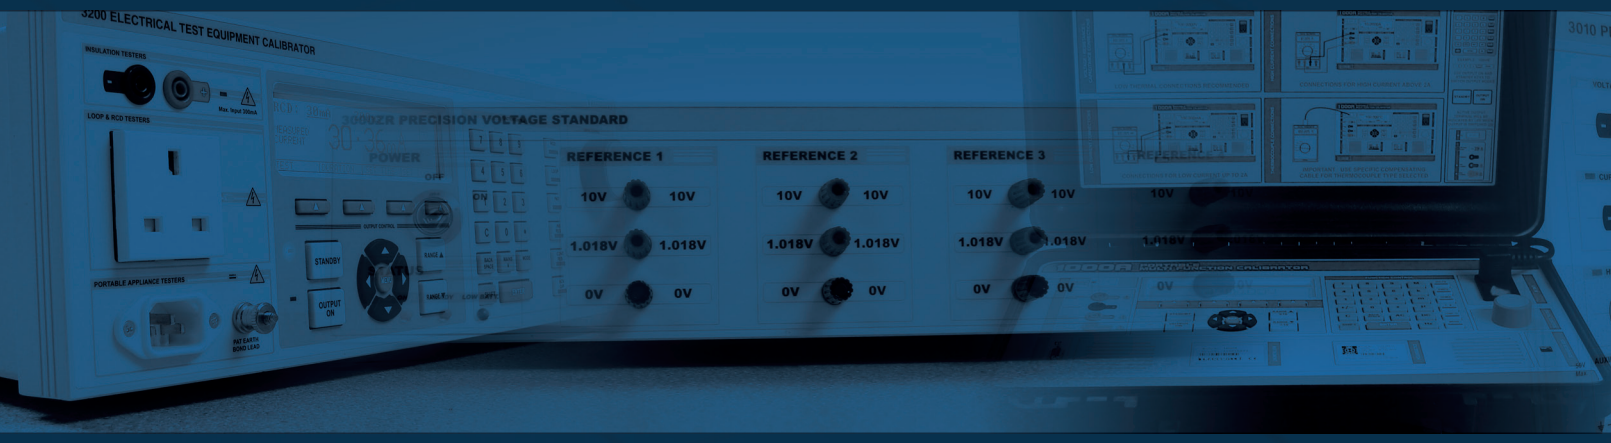

Transmille was founded in 1995 as a commercial calibration service, and soon after began to develop and manufacture a range of electrical calibration products and software to answer a growing requirement for solutions to common problems. Following this small beginning, Transmille has worked year on year to provide unique equipment and software to benefit calibration laboratories and manufacturers across the globe.

Ever since releasing the very first products Transmille have continued to innovate and develop new products for the metrology community, from world first products such as the 2100 Electrical Test Equipment calibrator, through to the worlds lowest cost multi product calibrator the 1000 series.

Transmille now produce over 600+ calibration instruments per year, shipping instruments to customers ranging from National Standards Laboratories and manufacturers through to small calibration test houses around the world.

An unrivalled commitment to quality and innovation drives Transmille forwards, with a dedicated design and support team in house with a combined experience of over 60 years in manufacture and design of electrical calibration products and software.

With local distributors across the globe, we can offer one to one personalised support, no matter how large or small the customer.
